Christmas in a shoe box

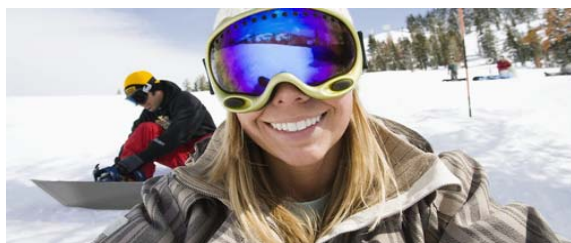

We need to provide a Christmas gift for 460 children at Atkinson Elementary. Most children that attend Atkinson will not receive anything for Christmas. We want to make sure every child is provided with a gift. This is a large mission and we need everyone's help in executing it. Please do your part this Christmas and the friendships center to receive detailed instructions on how to do your part.

Ministry Truck HYC Missions

In January our church will be hosting our 2nd Missions Convention. We set this weekend aside to focus exclusively on the importance of missions. The main mission project of HYC is the Ministry Truck. We still need money to complete the truck. We have currently raised \$9,000 of the \$18,000 needed to transform the truck into a missions center on wheels.
