A God Centered Church

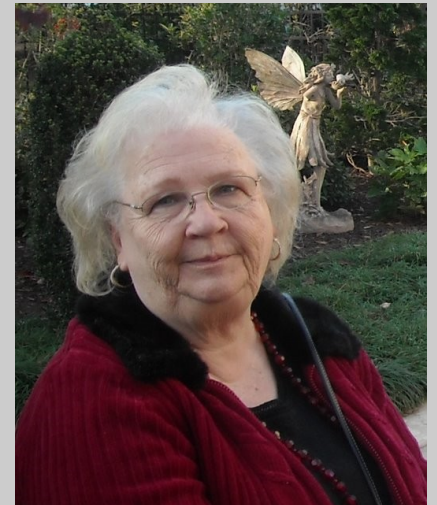

Experiencing God Together

By: Henry T. and Melvin D. Blackaby

Do you ever wish church would just be like it “use to be”; or the way “you feel most comfortable”; or the way you “think it ought to be”? For six weeks we’ll take a **look at the way God intended** “Church” to be. We won’t look at the format of a service -- songs, prayer, offering, announcements, meet & greet, song, sermon and altar call. It’s a look at the living organism...the “church”, you and me, living together as one body with Jesus as the Head and God as the center.

We’ll talk about the difference in being a church that is “need-centered” or “people-centered” and one that is God-centered. When the church is God centered we will know His awesome presence. When God grants His presence to a church, He expresses His wisdom, His power, and His activity to accomplish His purposes.

We’ll explore making the transition from knowing and doing the will of God as individuals to knowing and doing the will of God within a corporate body of believers. It’s gonna a be trip, don’t miss it!
